

CSI ASIA - PACIFIC

October 28 - 30, 2022 | Bangkok, Thailand

LIVE CASE CENTERS

17 cases from 6 centers.

Learn more from the most experienced operators who will be transmitting live from their centers. Join us for an opportunity to interact directly with them and the moderators.

SCIENTIFIC PROGRAM

25 sessions with multiple live cases

The sessions will be conducted by leading experts in the field with lectures about the latest procedures, techniques and devices. Live cases and the various hands on workshops are the cherry on the cake.

CSI TRAINING HUB

Limited seats available

The congress will provide opportunities for valuable **hands-on trainings** related to TAVI and mitral valve. At the classic **heart dissection workshop** you can conduct a systematic porcine heart dissection to understand the intricacies of the cardiac anatomy.
